

BARRELS & DRUMS

UN-approved plastic drums are manufactured using state-of-the-art technologies to meet the stringent demands of chemical compatibility with hazardous and non-hazardous products as well as reliability and safety requirements. Drums are made from a high molecular weight, high-density polyethylene resin. Closed head drums come standard with 2"BTR & 2"NPS fittings. Capacity is based on US Gal. readings. Accepted for use in Canadian food processing facilities.

Reference	Capacity		Description	Dimensions		Style			
	Part Number	L		US GAL	Height	Diameter	Head	Conditioned	Color
10310010	208	55	Reconditioned HDPE thick wall drum with 2 bungs	36"	24"	Tighthead	Reconditioned	Natural	2 Bungs
